

The Polish-Canadian Women's Federation was founded in 1956 by Jadwiga Dobrucka to assist women of Polish origin to preserve and share their cultural values and contribute to the Canadian society. It is a non-profit, charitable organization, an active member of the Canadian Polish Congress, the National and Provincial Council of Women, the Polish Women World Federation. During 53 years of its operation it has grown from one branch to over 20 branches across Canada.

The Polish Canadian Women's Federation is dedicated to the maintenance of Polish cultural traditions while being actively involved in Canadian life. The primary goal of the Federation is to protect the rights of women and respond effectively to issues related to women and family. The organization assists new immigrant women in adopting to life in Canada and organizes charitable events to help needy children and women in Canada and in Poland. Cultural events: concerts, poetry competitions, lectures and exhibitions are focusing on helping youth to learn about their heritage.
